

TAX HELP COLORADO

HELP FAMILIES BUILD A STRONGER FUTURE THROUGH TAX REFUNDS

Volunteer with our Tax Help Colorado program and provide free tax preparation services for Colorado families.

During the 2026 Tax Season:

\$22.5M

in state and federal refunds

10,486

returns filed

535

community volunteers
recruited and trained

For many families, their tax refund is the biggest check they'll receive all year.

We're grateful for community partners and donors like you who help us expand access to Tax Help Colorado across the state. Thank you!

This year, Tax Help Colorado staff and volunteers helped more than 10,000 families receive the tax refunds and credits they're owed. Families use these refunds to cover immediate expenses like food, housing and transportation while also saving for the future.

IRS-certified volunteers compassionately and patiently support families through each step of the tax filing process. We are grateful for the hundreds of community members who volunteer their time to help families in our community.

VOLUNTEERS ARE AT THE HEART OF THIS WORK

Volunteering is easy and fun. Our staff provides all the training – no financial experience is needed!

Volunteers are critical to the work of Tax Help Colorado. Every hour of volunteering puts an average of \$1,700 in the hands of families.

“Tax returns can be challenging and overwhelming for many and helping to ease that stress and anxiety is incredibly rewarding. There’s a great sense of fulfillment in relieving such a significant burden for others.” – Alex Leong, a Tax Help Colorado Volunteer
